

JOB POSTING

Dispatch Operative / Goods-In (m/f/d)

Full-time · Permanent · 73547 Lorch · Baden-Württemberg

As a Dispatch Operative / Goods-In (m/f/d), you take in haulier deliveries, pack finished welded assemblies ready for shipping and secure them for transport – components up to 50 t, loaded with forklift and 25 t overhead crane, in 73547 Lorch, Ostalbkreis – near Schwäbisch Gmünd.

RESPONSIBILITIES

- Goods-in of haulier deliveries – unloading, checking and staging material and components
- Packing finished assemblies ready for shipping – palletising, bedding on timber beams and shipping frames, wrapping in film to customer specification
- Load securing of heavy welded structures – lashing, chocking and bracing so that nothing shifts in transit
- Loading and unloading trucks and low-loaders with forklift and 25 t overhead crane
- Assigning delivery notes and shipping papers from the office to the consignments and sending them along
- In-house transport of large-format components between production, finishing and dispatch
- Occasional trips to manufacturing partners – delivering and collecting components

PROFILE

- Care, order and reliability – with heavy components every securing point counts
- Technical understanding of large-format components and their handling
- Forklift and crane licence – or the willingness to obtain both with us
- Physical resilience and team spirit
- German language skills for delivery notes, shipping specifications and coordination in the workshop
- An advantage: category C1 driving licence for the occasional trips to manufacturing partners
- An advantage: experience in dispatch, goods-in or load securing

THE ROLE

Loading what weighs 50 t

You load finished welded structures up to 50 t onto low-loaders and special transports – on the 25 t overhead crane, two of them coupled, and with the 16 t forklift. For some parts a haulier comes out just to collect that one piece.

Load securing is not a side job

You decide how things are lashed, bedded and braced – on parts that weigh several tonnes. With us this is done by dispatch, not by whoever happens to have time.

From the ramp onto the truck

Goods-in, packing, securing and loading are all in your hands – plus the occasional trip to one of our manufacturing partners. You can obtain the forklift and crane licence with us.

WHAT BOCK OFFERS

A secure job in a family-run company

A financially healthy family business for over 60 years – more personal than a large corporation and crisis-proof across many industries (crane construction, vehicle manufacturing, plant engineering, offshore).

Holiday pay & bonus payment

Performance-based pay plus holiday pay and a special bonus payment.

30 days of holiday a year

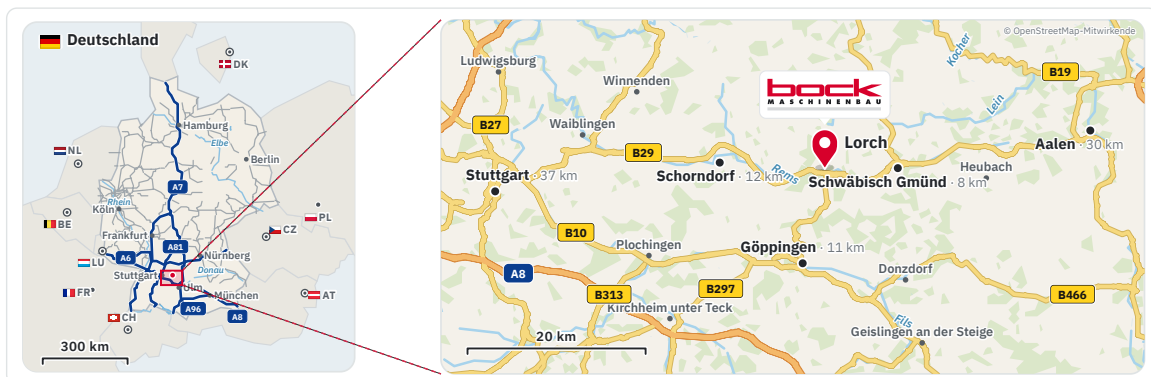

A full 30 days of paid leave every year – real time to recharge, easy to plan.

Pension & capital-forming benefits

We think ahead: a company pension scheme and employer-subsidised capital-forming savings benefits.

LOCATION

The workplace is located in 73547 Lorch in the Ostalbkreis district, right in the heart of the Stuttgart region. Easily reachable from the surrounding area: Schwäbisch Gmünd, Schorndorf, Aalen, Göppingen and Stuttgart.
