

JOB POSTING

Welder (m/f/d)

Full-time · Permanent · 73547 Lorch · Baden-Württemberg

We are looking for welders (m/f/d) to join our team in 73547 Lorch, near Schwäbisch Gmünd, Baden-Württemberg. At Bock Maschinenbau, you will weld challenging steel assemblies, special machinery parts and large structures — MIG/MAG, TIG and submerged arc welding.

YOUR RESPONSIBILITIES

- MIG/MAG welding of steel assemblies and special-purpose machinery
- TIG welding for high-quality joints and special materials
- Submerged arc welding (SAW) on fully automated systems
- Welding to drawings and welding plans (DIN EN 1090 EXC3)
- Quality control and self-inspection of weld seams
- Tack welding and assembly of structural components

YOUR PROFILE

- Completed apprenticeship as a welder, metalworker or similar
- Valid welding qualifications to DIN EN ISO 9606-1 (MIG/MAG, TIG, SAW) are an advantage
- Experience with structural steel, high-strength steel and stainless steel
- Independent and precise working approach
- Willingness to work to quality standards in a certified DIN EN 1090 environment

WHAT TO EXPECT

**Submerged arc: 7 m boom, 1,250 A**

You weld MAG, MIG, TIG and fully mechanised submerged arc on ESAB systems with booms reaching up to 7 m and welding currents up to 1,250 A.

**Assemblies up to 50 t, no assembly line**

You join large-format assemblies and special-machine parts up to 50 t on the 2x25 t crane — from S235 to S690, Hardox and stainless steel, every component a one-off from batch 1.

**EXC3 with in-house NDT**

You weld to DIN EN 1090-2 EXC3 and EN ISO 3834-2 — your welds are inspected and documented by VT, PT and MT to ISO 9712 directly in the works.

WHAT BOCK OFFERS YOU

**A secure job in a family-run company**

A financially healthy family business for over 60 years — more personal than a large corporation and crisis-proof across many industries (crane construction, vehicle manufacturing, plant engineering, offshore).

**Holiday pay & bonus payments**

Performance-based pay plus holiday pay and special bonuses.

**30 days of holiday a year**

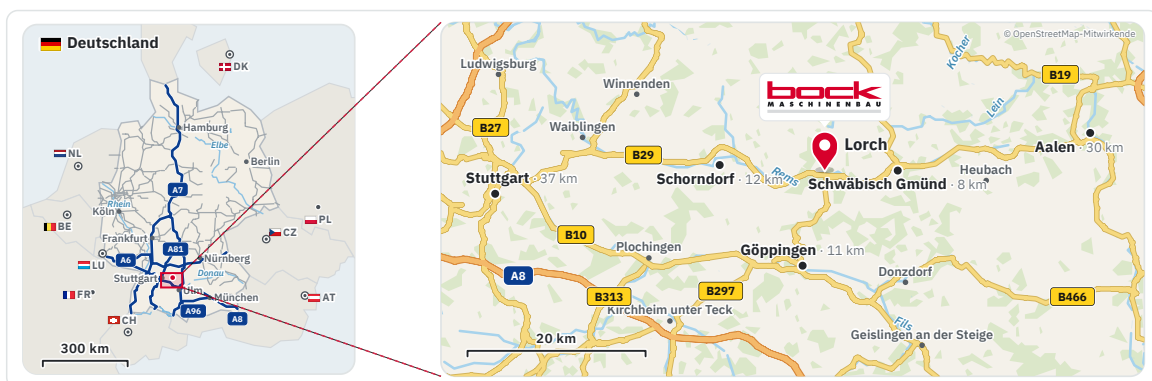

A full 30 days of paid leave every year — real time to recharge, easy to plan.

**Pension & capital-forming benefits**

We think ahead: a company pension scheme and employer-subsidised capital-forming savings benefits.

LOCATION

Your workplace is located in 73547 Lorch in the Ostalbkreis district, right in the heart of the Stuttgart region. Easily reachable from the surrounding area: Schwäbisch Gmünd, Schorndorf, Aalen, Göppingen and Stuttgart.
